**Fabric Requirements**

One panel (2/3 yard) Glory-CM4968 Black
1 5/8 yards Glory-CM4974 Black
1/2 yard Dot-CM9528 Black (binding)
1 7/8 yards backing fabric of your choice
44" x 64" batting

**Cutting**

*From Glory-CM4968 Black:*
- Trim and square the panel to 22 1/2" x 42 1/2".

*From Glory-CM4974 Black:*
- Referring to the quilt photo, fussy-cut four 7 1/4" x length-of-fabric (LOF) border strips including the blue floral and narrow blue stripe portions.

*From Dot-CM9528 Black:*
- Cut five 2 1/2" x WOF strips for binding.

**Quilt Top Assembly**

1. Matching centers and noting the orientation, pin one 7 1/4" x LOF CM4874 Black strip to each side of the CM4968 Black panel. Note that the border strips are longer than the panel to allow for mitering.

2. Stitch the border to each edge of the quilt top starting and stopping 1/4" from the panel corners. DO NOT TRIM THE EXTRA LENGTH.

3. To miter the borders, fold one corner of the quilt on a 45° angle so that the border strips are directly on top of one another and the seams nest together. Place your rotary ruler on the fold of the quilt so that the long edge is against the fold and the 45° line is on the side seam. Draw a line from the corner of the quilt top to the outside edge of the border. Pin the borders together.

Position your needle on the inside corner where the border meets the quilt. Stitch directly on the line you have drawn to the outside edge of the border.

Trim the excess fabric leaving a 1/4" seam allowance. Press. Repeat the process for the remaining three corners of the quilt. (figure 1)

**Finishing**

4. Layer the quilt top, batting and backing and quilt as desired.

5. Stitch the binding strips together end to end using diagonal seams. Fold and press the resulting long strip in half lengthwise with wrong sides together. Stitch to the quilt front, matching raw edges and mitering the corners.

6. Fold the binding to the quilt underside and hand-stitch the folded edge to the quilt back.
