Total yardage for 1 quilt (not including backing): 14

*This pattern is a future publication. While every effort is made to provide accurate yardage requirements, they are subject to change after editing. **Please refer to final pattern when kitting.***

Tonga bolt estimates are based on a standard 14-yard bolt. Estimates shown with an asterisk (*) would require exactly 14 yards or an exact multiple of 14 yards. In these instances, you may wish to order an extra bolt.

Estimates also assume that each kit will have only one cut of each fabric. It may be possible to use fewer bolts for some fabrics if you don't mind having two cuts of one fabric in a single kit.
